

OPPORTUNITY

architectural technologist

BIRMINGHAM STUDIO

Following the continued success of GSSArchitecture and the opening of our new Birmingham office, we have an exciting opportunity for an Architectural Technologist to join our well-established, award-winning Practice

Location: Birmingham
Job Type: Full-Time, Permanent
Hours: 38.75 per week, flexibility with start and finish times.

GSSArchitecture, one of the longest established architectural Practices in the country, is looking to appoint an enthusiastic, confident, well-organised and committed Architectural Technologist to join our team and assist in the continued growth and profitability of the Practice of 7 Partners, 70+ staff, and seven national offices. The team and practice have been accredited to an Investors in People (IIP) Gold standard and we pride ourselves on our commitment to Sustainability and Health and Wellbeing, both in design and creating a healthy environment within which to work.

What is on Offer:

- Opportunities for career development and support.
- The chance to work at a national Practice, with an exciting and diverse range of projects in different sectors.
- Competitive salary.
- Agile working hours.
- Established Home Working Policy.
- Practice-led rewards and recognition policy.
- Regular functions and events.
- Friendly and inclusive working environment.
- Training and development opportunities.

About You:

- BSc Hons, HNC or Equivalent qualification in Architectural Technology.
- CIAT Membership or equivalent professional body.
- Minimum 5 years' experience working in an Architectural Practice.
- The majority of our projects are delivered in REVIT therefore knowledge and experience of BIM is essential.
- Experience of Cobie data an advantage.
- Detailing and Building Regulation knowledge is essential.
- Knowledge of NBS.
- Experience of working collaboratively as part of a team.
- Strong communication and project management skills.
- Must possess an eye for detail and design.
- Full UK Drivers Licence and access to own transport

Role & Responsibilities (this list is not exhaustive):

- Work as part of a project team to deliver schemes from inception to completion
- Where directed to do so, take on the role of project lead to manage the day-to-day delivery of projects
- Produce design stage risk assessments
- Liaise with and produce documentation for statutory approval authorities
- Produce and coordinate detailed design information
- Assist with administering contracts and project certification
- Carry out stage and snagging inspections

Qualifications and Experience:

If you would like to apply for the above position, please send your CV and covering letter to recruitment@gssarchitecture.com, quoting reference **RA106**.

we are an equal opportunities employer
